Modern toilet.

★★★★★

I have been a maintenance man for 25 years and have installed hundreds of toilets. I wish I had toilets this good. Everything you need is in the box. Wax ring, bolts, and even a plastic toilet seat. I don't like plastic toilet seats. I'm amazed as to how this toilet flushes. It's very fast and uses a fraction of the water the older toilets used. The height is perfect. If you have an older toilet, replace it. I recommend going to YouTube and watching how easy it is to replace a toilet.
